I/We ☒ (do) (do not) agree with:

☐ The Agency proposed modifications As Submitted on Section No. CBC 420.4.2 & CRC R315.2

and request that this section or reference provision be recommended:

☒ Approved ☐ Disapproved ☐ Held for Further Study ☐ Approved as Amended

**Suggested Revisions to the Text of the Regulations:**

**CBC 420.4.2 & CRC 315.2**

Change language in sentence one to read; “when a permit is required for alterations, repairs, or additions (including electrical, plumbing, or mechanical permits) with a total calculated valuation exceeding one thousand dollars (\$1000)...”

**Reason:** [The reason should be concise if the request is for “Disapproval,” “Further Study,” or “Approve As Amend” and identify at least one of the 9-point criteria (following) of Health and Safety Code §18930.]

In some jurisdictions this language is interpreted to include ONLY building permits that exceed \$1000. The additional language would clarify this to include all trade permits as well as building.
